

This is a detailed grayscale topographical map of the Sagami River basin in Japan. The map shows the Sagami River (相模川) flowing from the north towards the Sagami Bay (相模湾) in the south. The river is depicted with a prominent, winding line, and its tributaries are also clearly marked. The surrounding landscape is characterized by a dense network of roads, railways, and urban areas, with numerous place names labeled throughout. The map also shows various geographical features such as hills, valleys, and bodies of water. The overall style is that of a traditional topographical map, with a focus on geographical accuracy and detail.
